

My Brain Power Superhero

Name: _____

Brains can do so many different, incredible things! Let's think about the six abilities you just learned about:

Moving and Seeing

Communicating

Learning & Remembering

Understanding Others

Paying Attention

Making Choices

Now, answer the following questions. You will use your responses to create your own superhero!

What is your brain's superpower (or favorite ability)?

What is an ability you'd like to get better at or strengthen?

Name your superhero!

How can you use your superpower in the classroom to learn or help others?

Write about or draw your superhero using this ability.
